

Frontline Logistics IBC / Drum Return Program

RETURN YOUR EMPTY CONTAINERS WITH FRONTLINE LOGISTICS.

WHY?

Frontline Logistics works closely with their cleaning locations to ensure environmental compliance.

The program is good for the environment and good for product costs.

The Return System is the most user friendly return program in the world.

EASY TO USE

Fax your request to Frontline Logistics. That's it! The form is easy to understand and can be filled out quickly.

FREE

Frontline Logistics' return program is a free pick-up service available to all US customers.

SUPPORT

Our logistics team is just a phone call away and offer quick reliable service.

- Any IBC or Plastic Drum accepted. Frontline Logistics will accept not only IBCs that were used, but any empty IBC or plastic drum you would like recycled. One pick-up can take care of all of your empty packaging needs.
- New emptiers. Call 734-449-9474 for program information and start-up.
- Existing emptiers. Fax your completed pick-up request form to (734) 449-9596

Today's global economy demands global solutions and that's the essence of our return system. A nationwide, on-demand retrieve, cleaning and reuse system. Our processing and recycling centers throughout North America make our return program the convenient - and environmentally responsible - choice for industrial recycling services.

1. All IBC's are to be double stacked on trailer. Failure to double stack will cause freight charges to be billed to the emptier.
2. If quantity of IBC changes, approval must be gained by calling 734-449-9474. The driver can not authorize the change. Unauthorized increases in quantity will change freight cost. Additional cost will be billed back to the shipper. Call first!
3. If the cage top is scrap, a disposal charge of \$55 will be applied.
4. All openings on the empty containers must be closed and properly sealed. If product leakage / spill occur during transit, a minimum \$250.00 trailer clean-up fee will be charged.
5. Product labels are required on all Containers.
6. Any remaining Product will be charged a disposal handling fee to the shipper at \$10 per gallon for Non-hazardous product, and \$15 per gallon for Hazardous product. If you would like a container returned to you, there will be a \$250 "Return Handling Fee", plus return freight cost. This would be for 8 containers or less. If more than 8 are returned, the cost would be the \$250, plus an additional \$30 per container beginning with the 9th container, plus return freight cost.
7. Containers that carry material identified by EPA as acutely toxic (e.g. many pesticide products) must be triple rinsed before recycling. If the container, containing such product, is received and not triple rinsed a charge of \$200.00 will be charged before recycling.
8. A Bill of Lading will be faxed back to you within 3 days to sign and give to the carrier assigned to your pick up. ALL FREIGHT SHIPPED OTHERWISE WILL BE BILLED AT THE SHIPPER'S EXPENSE.
9. Allow 5 days for pick up.
